

# TIME PLUG N PLAY VPN

BRANCH NETWORK CONNECTIVITY

# BRANCH NETWORK CONNECTIVITY MADE EASY

A dispersed workforce is the tough reality for businesses with operations in multiple locations.

Fortunately, keeping your business in check is now cheaper and easier than ever before.

Introducing TIME Plug N Play VPN (TIME PNP VPN), the clever branch network connectivity alternative.

Not only is it location independent; it is also flexible, affordable and easy to implement, while maintaining reliable and secure access to all your branches.

Let us connect your business for you.

Better, because we can.

Secure

Cost Effective

Extensive Reach

Flexible

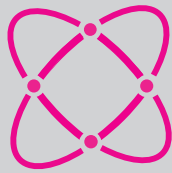

# AS EASY AS 1,2,3

Housed in a palm-sized device, TIME PNP VPN is easy to deploy and activates in minutes.

At a fraction of the cost of other similar solutions, TIME PNP VPN also reaches every corner of Malaysia.

## Borderless Connection

- Available wherever your branch offices are located.

## Cost Saving

- Reduced expenditure per site.

## Fast Provisioning

- Hassle-free configuration with simple plug & play functionalities.

## Flexible

- Centralised management for all branches.
- Remote changes can be made from your headquarters.
